START LINE: The start line is located less than a minute walk from transition. From transition, walk behind the registration building, turn left (east) and walk 1 block to the start. Two orange cones will designate the start line, as this is a neighborhood and we cannot use the residents lawns for a start banner. Please keep off the lawns, and leave a pathway open for cars to pass by as you wait for your start.

REMEMBER: You Must Complete TWO-LAPS for Run-1, and TWO-LAPS for Run-2
